This Week...

- Well done to everyone who completed the half term challenges. We loved seeing the photos of everyone being active or reading.
- On Monday 3rd June, the school watched a performance of 'Alice in Wonderland'. It was fantastic! The children, and staff, really enjoyed it.
- Year 3 have completed some art which is on display in St. Edmundsbury Cathedral. It looks spectacular so please pop in if you are in town. Thank you to the Year 3s and Mr Morris for all your hard work in completing these pieces.
- We have received some free kit from the Premier League Primary Stars scheme. Thank you to Mr Marshall, Director of Sport, for submitting the application on our behalf.

Class in Focus...Woodpeckers

Once upon a time Woodpecker class returned to school after a weeks holiday and found some magic beans in their class. They began to think about Jack and the Beanstalk and all the different things that happened in the story. We talked about the different ways to begin a story, thought up different names for story characters and most importantly put everything in the correct order. We also managed to include some of the adjectives we learnt about last half term. There was great excitement this week, when the postman came and brought us an envelope addressed to Woodpecker Class. The envelope contained all the letters Robins wrote to us before the holidays, everyone had their own letter to read and take home. Maths has given us the opportunity to be robots as we test out directions moving backwards, forwards, half turns and quarter turns. Now that reminds me ... which way is left?
