The school will evaluate the impact on each identified pupil at the end of each term and also during the term. All children qualifying will be individually tracked and monitored at regular meetings. Evaluation will focus on academic gains and how pupils' self-confidence has developed as a consequence of the intervention. All end-of-year results will be analysed carefully to ensure continued progress.

The pupil premium money is a vital resource in ensuring that any gap between the eligible pupils and the rest of the children in school is narrowed. We assure parents that all matters regarding use of Pupil Premium funding are treated with discretion and in confidence

End-of year results showed the following impact: Percentage of children at expected or exceeding expected progress.
